We look forward meet to meet all enquiries and requirements. A favorable response from you would be appreciated.

We assure you of quality product along with time schedule

Crown & Pinion

We have technically qualified and efficient workforce, help us in manufacturing and supplying in Crown & Pinion. We use finest quality raw materials, sourced from trusted vendors. Clients can avail our gear in different specifications as per their requirements.

Bearing, Plunger & MRV etc.

We have technically qualified and efficient workforce, help us in manufacturing and supplying in Bearing, Plunger & MRV etc. We use finest quality raw materials, sourced from trusted vendors. Clients can avail our gear in different specifications as per their requirements.

Annulus Ring, Carrier Plate, Planet & Sun Gears

We have technically qualified and efficient workforce, help us in manufacturing and supplying in Gears, Ring & Carrier plate. We use finest quality raw material, sourced from trusted vendors. Clients can avail our gear in different specifications as per their requirements.

Differential Kit

We have experienced & technical team for manufacturing Differential Gear, Which meets OEM Standards.

Transfer Gears

We have technically qualified and efficient workforce, help us in manufacturing and supplying in Gears. We use finest quality raw materials, sourced from trusted vendors. Clients can avail our gear in different specifications as per their requirements.

Spools

We have technically qualified and efficient workforce, help us in manufacturing and supplying in Spools. We use finest quality raw materials, sourced from trusted vendors. Clients can avail our gear in different specifications as per their requirements.

Pump Gears & Flange

We have technically qualified and efficient workforce, help us in manufacturing and supplying in Pump Gears & Flange . We use finest quality raw materials, sourced from trusted vendors. Clients can avail our gear in different specifications as per their requirements.

Axles

We have experienced & technical team for manufacturing Axles. Which meets OEM Standards.

Transmission Shaft, Half Teeth & P.D. Shafts

We have technically qualified and efficient workforce, help us in manufacturing and supplying in Transmission Shaft, Half Teeth & P.D. Shafts. We use finest quality raw materials, sourced from trusted vendors. Clients can avail our gear in different specifications as per their requirements.

Cross & Track Rod Assembly

We have technically qualified and efficient workforce, help us in manufacturing and supplying in Cross & Track Rod Assembly. We use finest quality raw materials, sourced from trusted vendors. Clients can avail our gear in different specifications as per their requirements.

Pins

We produce custom made pivot pins as per customer requirements. All our pivot pins meet or exceeds the OEM specifications for surface hardness and size accuracy.

Bushes

We manufacture bushes from different materials like : Spring Steel, Alloy Steel and Aluminium Bronze & according to OEM Standards and application.
